## Frequently Asked Questions

### **Are there any children whose needs would preclude participation in the program?**

Yes. Our program is not an educational institution nor are the staff trained to deal with severe behavioral problems. We offer a recreational program that takes the shape and format of a “day at camp” and to that end, our staff are able to provide the assistance for a child with mild special needs to participate in and enjoy the program activities. Any child whose behavior includes biting, throwing objects, hitting, kicking, pinching staff or participants or demonstrates any other behavior that would put themselves or others at risk would not be appropriate for the program. We do not have the skill or resources necessary to provide for their needs and maintain the safety of the staff and participants.

### **Are there any types of behavior that would force us to discontinue a child’s participation in the program?**

Yes. Biting, throwing objects, hitting, kicking, pinching staff or participants or demonstrates any other behavior that would put themselves or others at risk would not be appropriate for the program. Unfortunately, at the first instance where a dangerous behavior takes place, the participant will not be allowed to continue in the program.

### **With all the discussion over inclusion and main streaming, why should I consider sending my child to a program that is designated for children with special needs and not to North Brunswick Summer Camp/Project LEAL?**

Many children have not met success in “typical, mainstream programs” for a variety of reasons. A child’s recreation program should be stress-free, successful, and fun but should also build skills and prevent regression. Your child should be able to develop friendships during programs. If you find a typical, mainstream recreation program that can accommodate your child and deliver these expectations then that is great! Programs that we offer are the same type of programming as typical mainstream recreation programs.

### **What is the size of the group my child will be in?**

Summer Camp groups are (40) forty children with (4) four counselors. Project LEAL groups are (30) thirty children with (3) three counselors and they share space with other group of children.

### **Are there scholarships available?**

Residents needing financial assistance are encouraged to speak with the Coordinator of Camp/Project LEAL or call Community Child Care Solutions for financial assistance (732) 324-4357. If your child is registered with the New Jersey Division of Development Disabilities there may be financial assistance available (note: not all children with special needs are eligible for DDD).

### **Who are the staff?**

The Supervisors are a mixture of Adults in/beyond their twenties, Teachers and College Student/Graduates. Our Group Leaders are a mixture of College and High School Students and/or Graduates.

### **Can you describe a typical participant?**

Children, who, regardless of their special education classification, would be able to function in a mainstream recreational program but due to minimal/moderate special needs, require activities to be adapted to his/her skill level.

### **If a child requires medication during the program day, are there nurses on staff who will administer the medications?**

No. Our staff is not permitted to dispense any type of medication.

### **If a child is a resident of North Brunswick Township, are they guaranteed admission into the program?**

No. Enrollment is limited and once the program has met maximum capacity a wait list will be created.

### **Must the required fees as indicated on the registration form be submitted at the same time as the registration materials?**

Yes, we will not process forms that are received without full payment. If your family has a balance for any other program within Parks, Recreation and Community Services you will not be permitted to enroll until the balance is paid or arrangements have been made.

# Discipline Policies & Procedures

**In an effort to formulate, adopt and disseminate a discipline policy for youth activity PARTICIPANTS, PARENTS and STAFF**, The Township of North Brunswick Department of Parks, Recreation and Community Services have selected existing guides and ideas from other programs and agencies and, where necessary, adapted them for our local needs.

Definition: The dictionary states that discipline is “training that develops self-control, character or orderliness and efficiency.”

A serious disciplinary problem is one in which a child is hampering the smooth flow of the program by either requiring constant one-on-one attention; is inflicting physical or emotional harm on other children; is physically abusing staff or is otherwise unable to conform to the rules and guidelines of the program.

When conflicts over the rights of other people and property develop, it is our goal to work with the individual youths, listening to what each has to say and helping to resolve the conflict through effective communication.

## **When conflicts exist:**

- **A child may not be allowed to participate in the particular activity where conflict exists for a period of time. A good rule of thumb is that a child should not sit out more than his/her age in total minutes per incident.**
- **If an unresolved conflict continues, the parent's may be asked to keep the youth at home for a number of sessions/days until the youth is ready to cooperate.**
- **If upon return the conflict still exists, parents will be expected to permanently remove the youth from the program.**

Our center must have a policy about administering medicine and health care procedures and the management of communicable diseases. Please talk to us about these policies so we can work together to keep our children healthy.

Our center must have a policy concerning the expulsion of children from enrollment at the center. Please review this policy so we can work together to keep your child in our center.

Parents are entitled to review the center's copy of the Bureau of Licensing's Inspection/Violation Reports on the center, which are issued after every State licensing inspection of our center. If there is a licensing complaint investigation, you are also entitled to review the Bureau's Complaint Investigation Summary Report, as well as any letters of enforcement or other actions taken against the center during the current licensing period. Let us know if you wish to review them and we will make them available for your review.

Our center must cooperate with all DYFS inspections/investigations. DYFS staff may interview both staff members and children.

Parents of enrolled children may visit our center at any time without having to secure prior approval from the director or any staff member. Please feel free to do so when you can. We welcome visits from our parents.

Our center must inform parents in advance of every field trip, outing, or special event away from the center, and must obtain prior written consent from parents before taking a child on each such trip.
